Aulne glutineux

Saule cendré

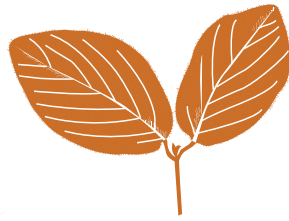

Aubours

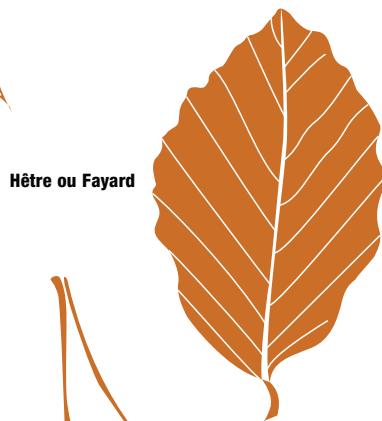

Erable plane

Chèvrefeuille des haies

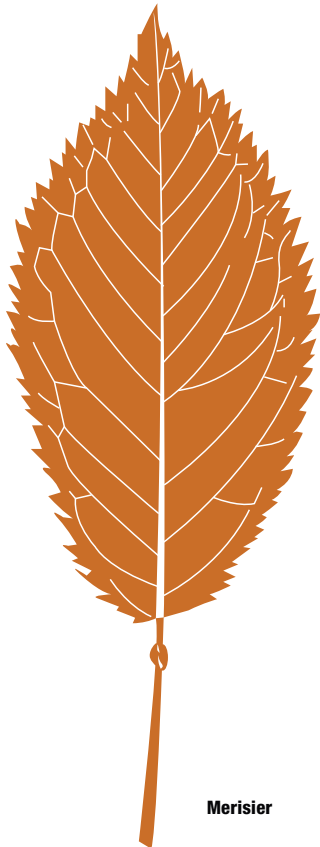

Noisetier

Hêtre ou Fayard

Frêne

Merisier

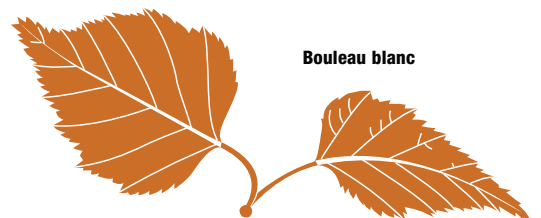

Aubépine

Viorne lantane

Vingt-cinq essences indigènes croissent dans les haies bordant le chemin. C'est un arboretum en miniature. Dix-huit de ces ligneux sont représentés sur ces panneaux. Les ombres chinoises des feuilles facilitent leur identification.

Bouleau blanc
